*"Dependability..... Delivered"*

### Steelwork Fixings

Innovative clamping systems that eliminate the need to weld or drill, reducing installation time & labour costs.

#### Type of Clamps

### Cavity Fixings

Hollow Steel (SHS) connections provide simple, cost-effective connections for all type of hollow section where access is only available from one side.

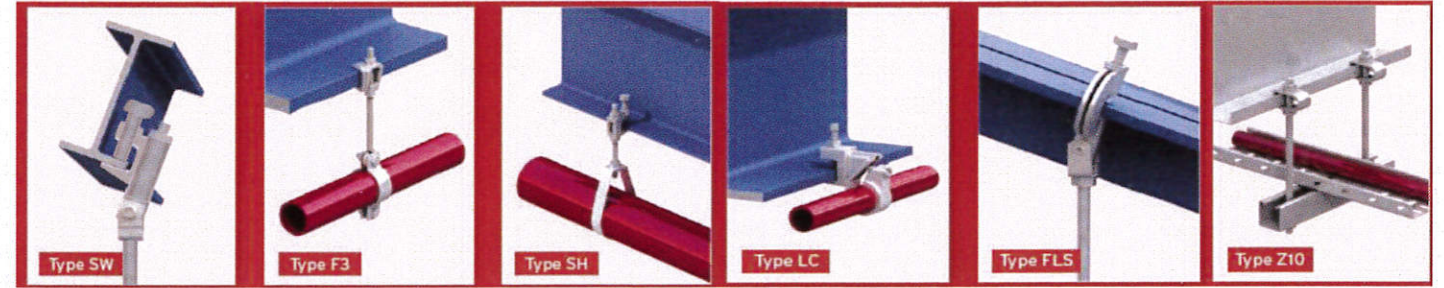

#### Type of Hollo Bolts

### Support Fixings

Provides a wide range of connection solutions for suspending building services, such as piping, electrical & instrumentation from structural & supporting steel sections.

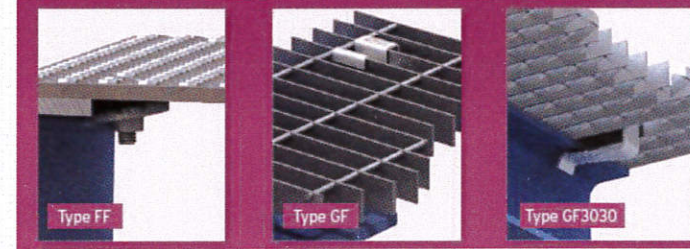

#### Type of Clamps

### Floor Fixings

Unique no-weld no-drill concept extends to the connection of steel flooring.

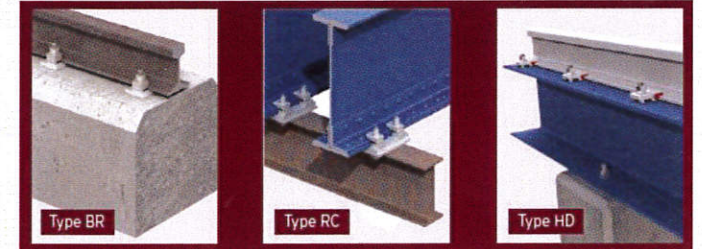

#### Type of Floor Fast

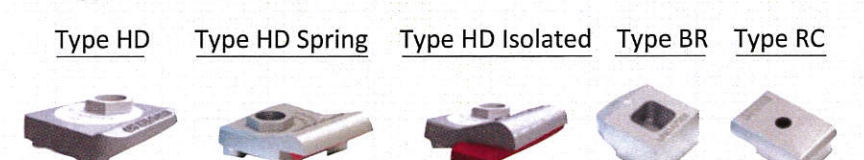

### Rail Fixings

Versatile clamp for steel beams or rail.

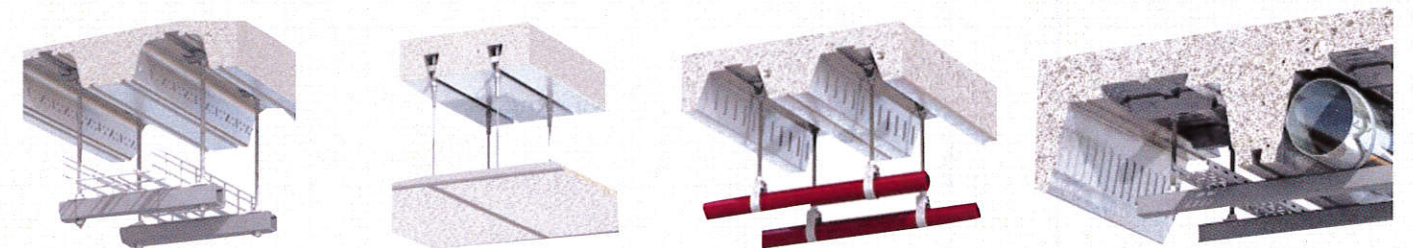

#### Type of Rail Fixing

### Composite Decking Fixings

Toggle Clamp is the ideal service suspension connection for pre-cast hollow core concrete slabs.

#### Type of Clamps

Type AW-Alphawedge Type MF Type MW2-Multiwedge 2 Type SD2-Slimdek 2 Type TR60 Type VN Type TC - Toggle Clamp
